Day 22 - Java and Spring Boot

MVC Design Pattern

```
                    ┌──────────────┐
                    │  Controller  │
                    └──────────────┘
                     ↙            ↘
            ┌──────────┐      ┌──────────┐
            │   View   │      │  Model   │
            └──────────┘      └──────────┘
```
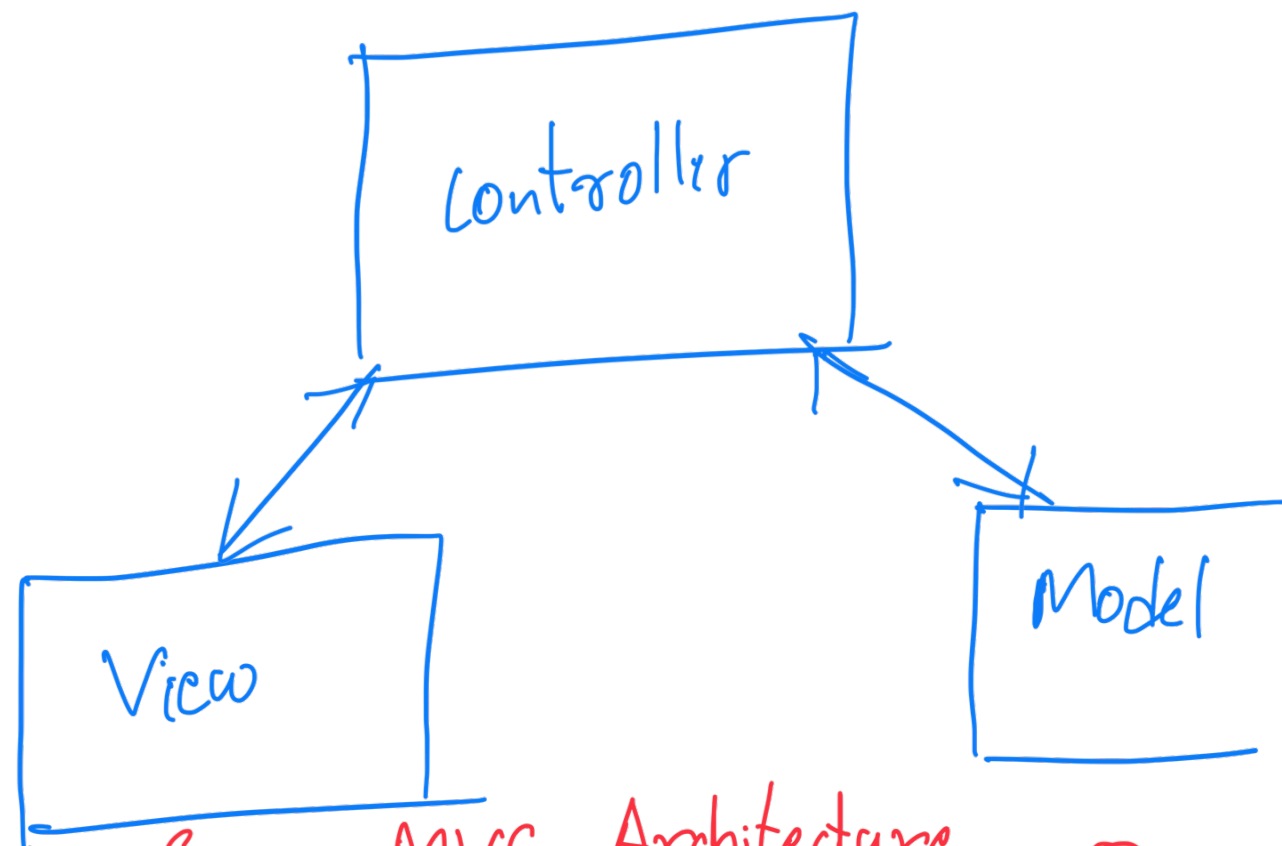

Spring MVC Architecture

Browser — ① HTTP Req → /home → ② → Dispatcher Servlet

Apache tomcat

HTTP Res ← ⑦

③ Handler Mapping

Dispatcher Servlet (Front controller)

⑥

⑤ view Resolver

④

Home Controller

{ /home, /, " " }
home ( ) { }

/contact
contact ( ) { }

/about us
about us ( ) { }

Employee Controller

/employee
findEmployee

/employees
getAll ( )
